brochure*

Hello Parents,

Three years ago I started a program called Little Mavericks. This program is to help the younger “future Mavericks” basketball players develop fundamental skills. This program is for any boy in grades 3-8. Starting in December we will go 2-3 Saturdays. The program will run from December through February. Here is how it works:

From 9:00 a.m. to 10:30 a.m. every individual who attends the Little Maverick fundamental clinic will be instructed by coaches and players of the Maverick Varsity Boy’s Basketball team. All three gyms may be used as we will break up the different age groups for instruction. Each participant will/may receive instruction on:

- ✓ Shooting form
- ✓ Defensive stance and footwork
- ✓ Post Play
- ✓ Guard Play
- ✓ Ball Handling
- ✓ Offensive/Defensive drills

From 10:30 a.m. to 11:00 a.m. depending on the age of the participant there will be scrimmages. These scrimmages will incorporate all of the fundamentals taught throughout the entire season. At the end of each session free tickets to any home game are passed out to all players.

I will be sending out announcements to all elementary schools and middle schools stating which Saturdays the Little Mavericks fundamental clinic will be held on.

Mt. View High School  
855-4050 ext. 1211  
or ext. 1575

Varsity Boy’s Basketball Coach  
Jon Nettleton

This program is FREE! There is no fee charged and you may attend any Saturday session. I would encourage any parent who coaches their son in a traveling team, AAU team or any Y-Ball team to come and watch to see what kind of drills you might want to run to help your players. I feel it is very important for the younger level players to develop fundamental skills. These skills will allow them to compete as they get older and be on their way to eventually becoming a MAVERICK!!!

Check out our website for information too.

I hope to see all of you each Saturday for our Little Mavericks fundamental skills clinic this season and at all of our games this upcoming season. Look for future announcements and postings in your school for LITTLE MAVERICKS!!
